# Trempealeau Bike Trails

Welcome to Trempealeau! We have so much scenery in one place for you to experience; The Mississippi River, its Bluffs and backwaters, our Lakes, and the vast Prairie Habitat. We trust you will enjoy these trails as they guide you through parts of our scenic Community that we think are hidden gems. The four trails are short duration, low difficulty rides on public roads, and can be a fun way for the family to get out together, or for the casual rider to see the sights. All of the trails are marked on the included maps, and are also marked along the way with colored markers on the pavement that match the trail name. Follow the markers and see the sights! Ride one or ride them all! Be sure to check out all the other wonderful bicycling opportunities and challenges that Trempealeau County has to offer.

The Trempealeau Chamber of Commerce thanks the Village of Trempealeau, Town of Trempealeau, Town of Caledonia, and the Wisconsin DNR for their help in developing these marked trails.
